

TALKING MATTERS

SPEECH PATHOLOGY AND OCCUPATIONAL THERAPY

Come join us for our action packed and fun filled learning experience on the following topics.

Classroom Sense - Ability

— Learn about sensory systems and how they impact behavior and performance.

Language of the yard

— Learn about how language impacts social interactions and relationship development.

Unlocking language for learning

— Learn about how language impacts all school performance and engagement.

Let your fingers do the talking

— Learn about the development of fine motor skills and activity ideas for refinement.

You will learn key theory, tips and tricks, activity ideas and how to support children within your classroom.
