

Listening is really cool!

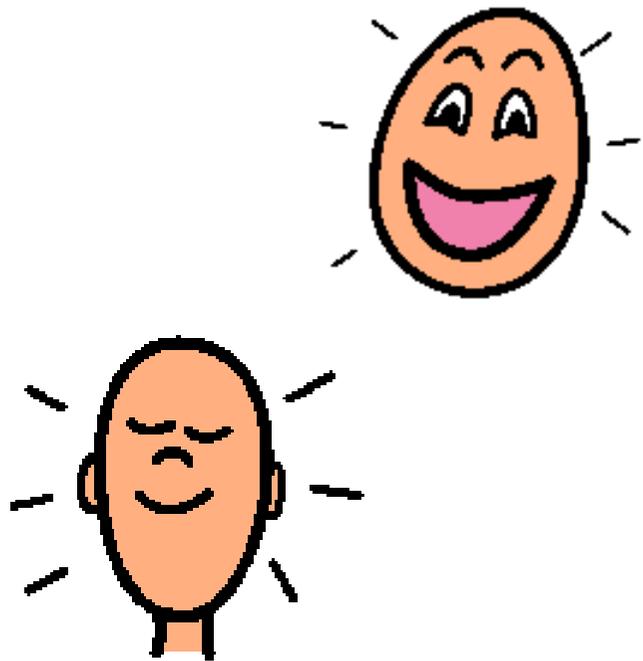

Talking Matters
talkingmatters.com.au

Sometimes I talk about the things I like..

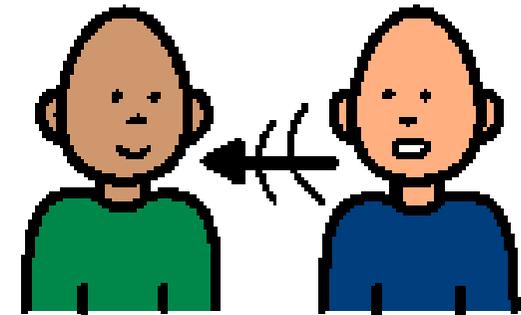

I feel happy and proud when I talk about things I like

When I am talking..

Someone is listening...

Listening is fun
and you learn lots
of cool things!

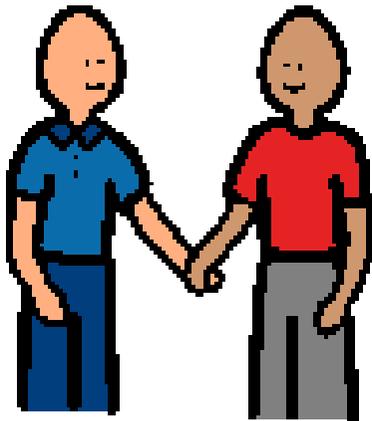

Sometimes I get
bored when I listen

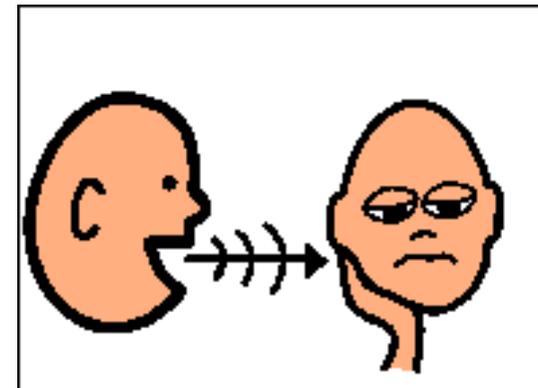

But I need to listen
to other people
until they have
finished what they
want to say.

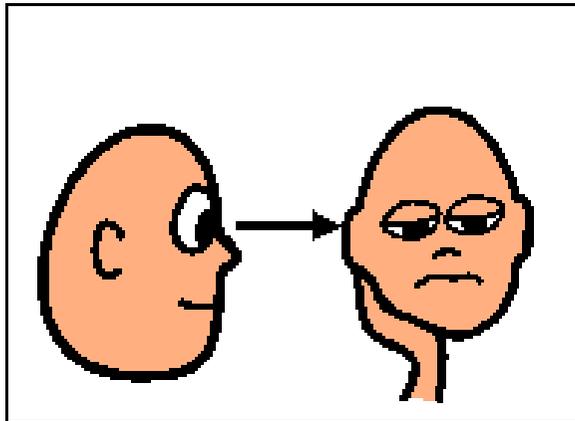

I learn lots and am
a good friend and
student when I
listen to others.

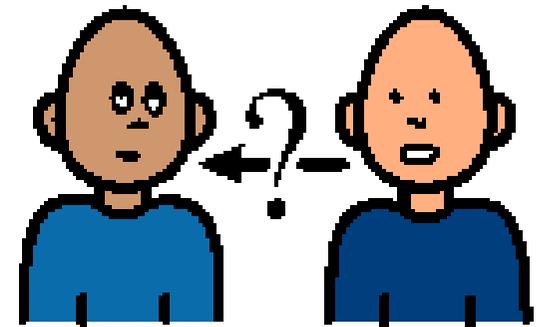

I will wait until the
other person has
finished talking
before I start to
talk.

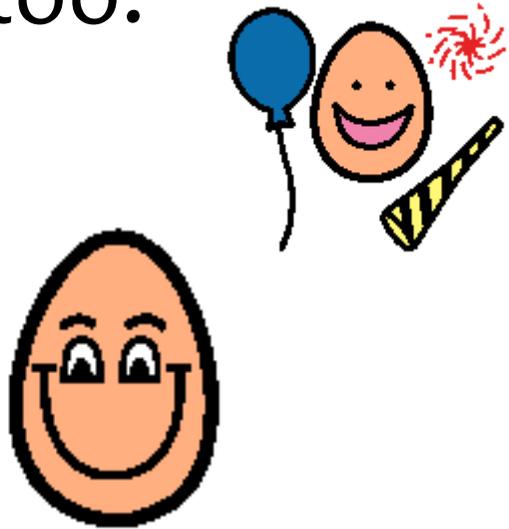

I can look at the other person to know if they have finished talking.

I will stop myself from talking if someone else is talking.

If I remember to
listen as much as I
talk, people will
want to listen to
me too.
